The Secret Lives of Bats: Dark Adventures from the Namib Desert

November's Teen Science Cafe will feature Theresa Laverty from CSU's Department of Fish, Wildlife, and Conservation Biology.

During this presentation, attendees will learn about the secret lives of bats. With well over 1,000 species recognized around the world, we will uncover why there are so many species and the many ways in which they relate to humans.

Theresa Laverty
Colorado State University

Note: This cafe was rescheduled from November 8.

Food and drinks are provided. Please RSVP so we can plan accordingly.
